

Cold War Foldable Sample

Ms. Ramos
Alta Loma High School

- The follow slides are pictures I took of the foldable I showed in class. This is just one way of doing the Spring Break Project. You may design it any way you would like. Remember, I did not include timelines or the vocabulary booklet on mine. I look forward to seeing your creativity when we return.

P.S.

- To get a 3 or 4, you need to include other information and display creativity. This does NOT have to be an expensive project. Creativity includes drawing, including stick figures- Ms. Ramos style, and simply using some crayons or markers to add color.
- You get to use the foldables on the exam on Tuesday.
